Work Experience

DaVita Integrated Kidney Care

Pompano Beach, FL (Remote)

- Integrated Care Assistant II 04/2023 – Current
Care management assistant for a kidney-health program for patients with chronic and end stage kidney disease. I confirm and track hospitalizations, complete administrative tasks, and provide non-clinical support to the integrated kidney care team.

Segall Foot and Ankle

Fort Lauderdale, FL

- Medical Administrative Assistant & Receptionist 08/2022 – 12/2022
Answered incoming phone calls, scheduled appointments, and verified insurance benefits and eligibility. Relayed patient results, handled faxes, collected co-pays, and checked patients in and out of appointments.

Scribe-X

Oakland, CA (Remote)

- Medical Scribe 02/2022 – 05/2022
Scribed for a dermatologist, documenting up to 30 patient encounters a day, in a typical SOAP note format in the electronic medical record. Chart prepped before completing notes in real-time.

Scripps Clinic Torrey Pines

La Jolla, CA

- Clinical Medical Assistant 05/2021 – 11/2021
Assisted an internal medicine physician. Roomed and discharged patients, performed vital signs, vaccinations, ECGs, etc. Answered patient messages, made patient phone calls, and relayed urgent messages and medication refills to providers.

Perlman Clinic

La Jolla, CA

- Clinical Medical Assistant 10/2020 – 05/2021
Aided multiple healthcare providers. Carried out clinical duties in addition to handling patient messages and phone calls, ordering supplies for the clinic, and stocking rooms. Oversaw the vaccine/medication fridges, verified health insurance, and completed pre-authorizations.
